Bryant team wins tourney

The Clayton C. Bryant softball team won their second tournament of the season at Eagle Rock on the weekend of April 25-26 in the Mountaineer Open Invitational. This qualifies the Bryant Team for the Virginia State Championship Tournament to be held August 19-23 at Petersburg, Va.

In route to the championship the first win came over Century 21 of Buena Vista, 8-4 win. Barry Duff and Wayne Robertson drove 4 runs while Dennis Reynolds had a perfect 3-3 at the plate. The defense played a big part in this first round win, robbing the opposition of base hits that seemed to break their backs.

After a slight struwle in the first game, Bryant's Team really put things together beating the Rinkie Dinks by the slaughter rule in 6 innings. The final was 16-1, pounding out 25 hits, the team was led by Mike Story, Larry Moore and Johnny Cash who combined for a perfect 13-13 from the plate. Pitcher Joe Pillow allowed only six hits, while infielders Steve Fix, Wayne Robertson and Barry Duff came up with great defensive plays.

On Sunday only four teams were undefeated. Bryant's third encounter was J. P. Stevens of Rocky Mount (the 1980 A.S.A. Class A. State Champions). Once again the Clayton Bryant Team of Appomattox took control early ripping 26 hits in which 6 were home runs. Mike Story, John Noon and Joel Pillow comined for a total of 15 hits. John Noon was the big gun in this game crushing three home runs and driving in 7 runs. The final score, Bryant 17 Stevens 6.

The fourth game came down to the only two undefeated teams, Bryant and the host team Eagle Rock Athletic Club. The game very close at the end of 6 innings Bryant leading 7-6 lead. In the top of 7th Bryant errupted for 11 runs to break the game open. Mike Story 5-5 and Wayne Robertson 4-5 led the hitting attack. John Cash, Mike Story, and John Noon drove in 11 of the 18 runs. Wayne Doss made a leaping catch to rob a four run homer in the sixth when the game was still tight. Pete Lampman also made two long running catches. The Bryant Team racked up 25 hits; 4 doubles, 2 triples, 4 home runs. Robertson, Cash Story and Noon all had homers.

The Clayton Bryant Team was the only undefeated team and had to wait for the winner of the losers bracket. The J. P. Stevens team came thru the losers bracket with wins over Century 21 in 8 innings, and beating E.R.A.C.

This set the stage for a rematch in the Championship game; Stevens and Bryant again.

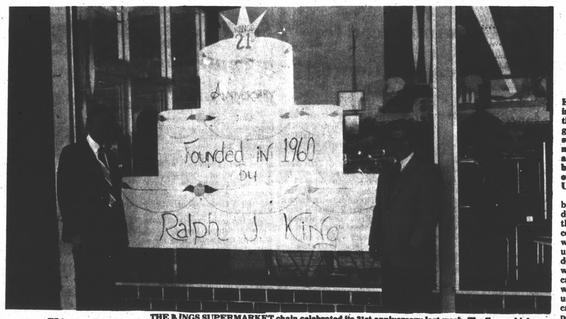
The final score was very much like the other game a 16, to 7 win for Bryants Team. In the first three innings Bryant jumped off to an 8-0 lead. The Bryant team used a balance hitting attack with Robertson, Story, Noon, Pillow and Doss all collecting 3 hits. Story and Noon each had homers and 4 RBI's a piece.

This was the second tournament for this new team coached by Gerald Johnson and sponsored by Clayton C. Bryant Land Company of Appomattox.

The M.V.P. went to Mike Story the right center fielder. Story batted .826 for the tournament, 19 for 23, scored 16 runs. 5 home runs and 16 RBI's. Several other players had great weekends, Robertson, Noon, Pillow and Doss all were above the .600 average. Joel Pillow pitched a total of 34 innings allowing only 24 runs, recording 5 wins pushing his won-lost record to 11 and 1.

The team scored 75 runs for the tournament, averaging 15 runs per game while allowing only 4.9 runs per game to their opponents. The Bryant Team now has won 12 straight games and their overall record is 12 wins and one loss. A .923 percentage. Coach Gerald Johnson was very pleased with both the offense and defense. The team batted at a .354 clip and turned numerous double plays.

Members of the team: Barry Duff, Wayne Robertson, Mike Story, John Noon, Joel Pillow, Larry Moore, Johnny Cash, Dennis Reynolds, Wayne Doss, Craig Martin, Steve Fix, Pete Lampman, Mike Floyd, Ricky Hawkins and Gerald Johnson.



Kings Celebration

THE KINGS SUPERMARKET chain celebrated its 21st anniversary last week. The firm, which now has 12 stores throughout central Virginia, had its beginnings in 1961 when Ralph King opened the first store in the town of Appomattox. Ralph is shown with Jim Roach, manager of the Appomattox store. Employees of the 12 stores decorated each store in keeping with the occasion last week, and the store judged to have had the best decorations will receive an all-expenses-paid picnic for its employees.

A Question Of *Law*

Editor's Note: Following is one in a series of columns regarding the law which the Times-Virginian will provide as a public service to its readers each month. The monthly question-and-answer column is written by Albert Teich, Jr., professor of business law at Old Dominion University.

Question: Not too long ago, I bought a used car from a local dealer who arranged financing through a very nice finance company. I thought everything was going along quite well, until I tried to get the dealer to do some repair work under the warranty that I thought I had. I cannot get the dealer to do the work. The car is practically useless now. Is there anything I can do to get the dealer to perform the work in accordance with the warranty?

Answer: Yes. The power of the dollar is still quite strong in spite of the inflation we are suffering under. Since the dealer arranged the financing, I suggest that you contact the finance company and inform them that the dealer has not lived up to the warranty and you are suspending further payments until the dealer abides by their contract with you. The law is that when a seller of goods either directly or indirectly arranges financing, the buyer of the note is subject to the same defenses which the buyer of the goods has against the seller of the goods. What this boils down to is that if you still owed the dealer the money for the car, you could suspend payment until he complied with the warranty. Since the dealer arranged the financing in this case, you may set-off your claims against the dealer against the finance company. I am sure that a telephone call to the finance company will get them to contact the dealer and in a short time, they will be contacting you. After all, the dealer does not want to lose their source of future financing.

Question: I am getting ready to sell my car and a friend of mine tells me that I had better give the buyer a statement as to the odometer reading at the time of sale. He also tells me that I must tell the buyer if the reading is correct, and if not, what the mileage is. Why do I have to do this? Isn't the odometer reading listed on the title certificate sufficient?

Answer: You have to give the statement because the law says you must do so. A simple writing will be sufficient. If you fail to tell the truth, you could be liable to the buyer in treble damages with a minimum of $1,500.00, plus reasonable attorney's fees. The odometer statement on the title certificate will not satisfy the requirements of the law.

Corrections

In last week's issue of the **Times-Virginian**, the headline over the story about the forthcoming marriage of Debra Ann McFadden and Roger Dale Hughes was incorrect. The headline read, "McFaddens announce birth."

The paper apologizes for the error.

In the April 29 issue, general church news listings were incorrectly headlined, "Appomattox Baptist Temple."

The paper apologizes for the error.

In the April 22 issue, Sandra Allen was incorrectly identified as Sandra Elder in the photo of the Amelia Garment Factory workers' Easter-Egg hunt in Pamplin.

The paper apologizes for the error.

Ford addresses Child Welfare Team

Mrs. Evelyn Ford, former special education teacher, Appomattox County High School in speaking to members of the Appomattox County Multidiscipline Team for Child Welfare at the April 27 meeting in the conference room of the Tenth Regional Juvenile and Domestic Relations Court, focused discussion on causes, symptoms, problems, and treatment for the learning disabled child.

Children with learning disabilities are not mentally retarded. They usually have average or above average intelligence and are quite normal in most aspects of learning.

The learning disabled child has a disorder in one or more of the basic processes required to understand or use spoken or written language. Such handicaps may show up in listening, thinking, talking, reading, writing, spelling, or arithmetic.

Statistics indicate that one to three per cent of school students have a severe learning disability. A large per cent of these students can overcome the disability through appropriate educational training and supportive parental involvement.

Appomattox County School board employs two full time special education teachers who have graduate training in working with the L.D. child. These teachers serve a total of 48 Appomattox County students.

Preceding Mrs. Ford's presentation, plans were approved for a May 19 meeting at which Dr. Barbara Morlang, nutrition consultant, State Department of Health, will discuss the related factors of diet and hyperactivity in children.

Through the interest of Mrs. Brenda Richardson, nurse, Appomattox County Health Department, Dr. Morlang will speak to members of the multidiscipline Team, to parents of hyperactive children, and to other interested persons.

Any persons wishing to attend the meeting on May 19 are invited to contact Mrs. Richardson at 352-5690 or Ms. Eva Moore, Appomattox Department of Social Services (352-7125).

ON MAY 6, National Plant -A-Tree Day, a beautiful white pine was given to the Appomattox Primary School by Mrs. Judy Taylor of the Rocky Run Christmas Tree Farm. Mrs. Taylor, pictured back-left, made the tree presentation to Mrs. Ruhf's second graders. The class was the school winner of the Citizen Agreement Litter Control Contest. Mrs. Taylor assisted in planting the tree as well as commenting about the value trees bring to their surroundings. Values such as beauty, energy resources, screening, and producing fresh air are reasons for planting trees. "Tree planting" is a meaningful way to celebrate keeping Appomattox clean and beautiful!

AMS News Notes

One of the units covered in General Math 7 this year concerned math skills needed in daily living and focused attention on how math is used in different careers. In order to help show her students how relevant math is to almost every career, Mrs. J. Wilkerson had several guest speakers attend her class. Mr. Jim Crawford spoke to her class on the insurance business, an area where math skills are important. Mrs. Janice Marston, a grocery store owner and co-manager, spoke to the class on such areas as pricing, purchase orders and other areas of her career. The students were interested when Mrs. Foster, the school principal, and Mrs. Cobb, the school nurse, spoke to them on their respective careers. Having guest speakers in class is an enriching and educational experience; finding persons available during school hours can pose complications. The classes learned so much from this experience that Mrs. Wilkerson hopes to have guest speakers when studying career math next year. There is an untapped wealth of people in the community, particularly retired person, who could give a great deal to our school children. If you would be interested in being a guest speaker please drop Mrs. J. Wilkerson a card c o Appomattox Middle School, Appomattox, Va.

Local FFA Chapter recognized

The work of the Appomattox County FFA Chapter has been judged best in Southside Area in the Building Our American Communities Program.

Building Our American Communities is a special project of the National FFA Foundation sponsored by Lily Endowment, Inc. in cooperation with the U. S. Department of Agriculture.

It is designed to recognize the accomplishments of local FFA chapters which make an effort to determine community needs and assist in both long and short-range plans for community development.

The work of the Appomattox County Senior FFA Chapter will be considered along with five other winners for the state award. The state award will be a feature of the State FFA Convention in Blacksburg, June 16-19.

Cheatham named winner

Ray Cheatham, an Appomattox County High School senior, has been named area winner of the FFA Foundation award for agricultural work experience. Cheatham, 18, is the son of Mr. and Mrs. W. R. Cheatham, Route 1, Spout Spring, Va.

The proficiency award for placement in agricultural production is a special project of the National FFA Foundation sponsored by Hesston Corporation and Sisell Chemical Company.

The award recognizes the accomplishments of students who receive practical experience in agriculture working on farms.

Ray has worked nearly 1100 hours for Perrow Brothers Dairy. His accomplishments will be considered along with those of five other area winners in determining the state winner. Presentation of the state award will be a program feature of the 1981 State FFA Convention in Blacksburg, June 16-19.
